PROFILE SUMMARY

Frontend Developer with a strong background in the Advertising Tech and Insurance sectors. Experienced in developing responsive, intuitive web applications using modern JavaScript frameworks. Skilled in state management, API integration, and optimizing performance, with a focus on creating scalable and secure solutions. A collaborative team member with a proven ability to build high-quality, user-friendly interfaces that meet both business and user needs.

PROFESSIONAL EXPERIENCE

Media.net, *UI Developer* 🌐 Mar 2021 – present | Mumbai

- Convert design mockups into responsive web pages using HTML, CSS, JavaScript, React, PHP, and WordPress, ensuring a seamless and interactive user experience.
- Develop dynamic pages and build engaging landing pages for marketing campaigns, optimizing conversion rates and user engagement.
- Create optimized ad blocks to enhance ad placements and drive site monetization across platforms.
- Leverage WordPress expertise to develop customizable websites, tailoring premium themes to client specifications and ensuring flexibility in design.
- Collaborate with cross-functional teams (designers, back-end developers) to ensure seamless integration of front-end features and deliver high-quality user experiences.

Tekno Point, *Front-End Developer* 🌐 Sep 2020 – Mar 2021 | Mumbai

- Convert design mockups into responsive, interactive web pages using HTML, CSS, and JavaScript.
- Develop config-driven UIs, dynamically rendering interfaces based on API data.
- Build and validate complex forms, ensuring data integrity before API submission.
- Integrate payment gateways for secure online transactions, ensuring a smooth user experience.
- Work with Adobe Experience Manager (AEM) to manage and deliver website content efficiently.

Dezignolics Web & Software Company, *Python Developer* Dec 2019 – Jan 2020 | Mumbai

- Taught Python programming to Bachelor of Engineering students, covering core concepts and best practices.
- Prepared lessons and assisted students with coding exercises, tests, and assessments.
- Provided guidance and feedback to help students develop coding skills and grasp key principles.

PROJECTS

Portfolio, *React.js, Tailwind, HTML* 🌐

- Built a personal portfolio website using React and Tailwind CSS to showcase projects, skills, and achievements.
- Implemented responsive design with Tailwind to ensure a seamless experience across desktop and mobile devices.
- Deployed and hosted the site for free on Vercel, ensuring fast load times and automated deployment from GitHub.

Todo App, *React.js, Redux, HTML, CSS, Javascript* 🌐

- Developed a dynamic web application with React and Redux, ensuring smooth UI and state management.
- Implemented responsive UI using HTML, CSS, and JavaScript, optimizing for multiple devices.
- Integrated features like dynamic data fetching, form handling, and interactive components to enhance functionality.

Bus Management Mobile App UI, *Flutter* 🌐

- Designed and developed the UI for a Bus Management System mobile app using Flutter, ensuring a seamless experience on both Android and iOS devices.
- Implemented responsive layouts and intuitive navigation, optimizing the app's interface for different screen sizes and enhancing user experience across both platforms.

SKILLS

React.js, Javascript, HTML/CSS, Next.js, PHP, Wordpress, JQuery, AEM

EDUCATION

M D College of Arts, Science and Commerce, *Bachelor of Computer Science* 🌐 2016 – 2019 | Mumbai

Marceline Junior College, *Science* 2014 – 2016 | Mumbai
